

3rd Global Summit on Oncology and Cancer

Webinar (Online Event)

December 02nd & 03rd, 2025

Theme:

**Innovations in Cancer Research and
Treatment–Early Detection and Diagnosis**

Email: oncology-cancer@hspcmail.us

About GSOC2025

Heighten Science Conference welcome you for the webinar of **3rd Global Summit on Oncology and Cancer scheduled to be held on December 02 & 03, 2025** under the theme “Innovations in Cancer Research and Treatment-Early Detection and Diagnosis”.

This premier virtual event bringing together leading oncologists, researchers, and healthcare professionals from around the world. This dynamic webinar will explore cutting-edge advances in cancer research, innovative treatment strategies, and global efforts to improve prevention, early detection, and patient care. Be part of a community driving awareness, equity, and progress in the fight against cancer. Gain insights into the latest advancements in cancer diagnosis, treatment, and precision medicine. Discover emerging approaches like immunotherapy, targeted therapy, and personalized treatment plans.

It is pleasant that the webinar participants can get to know the latest technologies and best practices of the experts from all over the world. The event will become a platform for interdisciplinary dialogue between a wide range of experts: not only oncologists and radiologists, but also doctors of related specialties including primary care as its role is extremely important in early cancer diagnosis. This conference explore latest advancements in **Advancement in medicine, Development of new treatments, Increased awareness and prevention, Focus on patient well-being.**

GSOC 2025

GSOC 2025 is hosted with pride by *Heighten Science Publications Inc. (HSPI)*, a crucial gateway that actively serves as a driving force to speed up global advancement in the areas of medicine, science, and technology through meaningful synergy.

Our Values

Inclusivity: We strongly believe that advancements made in the area of oncology must be readily accessible to all without any consideration of geographic location or personal background.

Ethics: We are dedicated to ensuring that the creation and use of research in oncology and treatment comply with the highest standards of ethics.

Collaboration: We are committed to ensuring that researchers, policymakers, and industry leaders work together with one another in an effort to envision effective solutions that can fill the current gaps between opportunities and challenges in oncology.

Innovation: We actively encourage and foster innovation in oncology research and development in an effort to speed up progress and enhance the outcomes of patients.

Event Highlights

- Join addresses from some of the most influential experts who are reshaping and redefining the future direction of oncology.
- Join interactive sessions that explore the deeper facets of particular topics related to oncology.
- Network with professional peers who share common interests and create new, meaningful connections.
- Learn about innovative solutions and advanced technologies in oncology, as shared by industry specialists.

Join Us

We welcome you warmly to the Second Global Summit on Oncology and Cancer, where you can be a part of this memorable experience. Let us together find the future of oncology, exchange innovative ideas, and meaningfully collaborate to make the world a better place with technology. For more details, registration procedures, and updates, we invite you to visit our website or reach our dedicated organizing team through an email.

Scientific Sessions

- Precision Oncology and Personalized Treatment
- Immunotherapy and Cellular Therapies
- Early Detection, Screening & Diagnostics
- Molecular and Translational Cancer Research
- Pediatric and Rare Cancers
- Cancer Prevention and Risk Reduction
- Radiation Oncology and Advanced Techniques
- Surgical Oncology and Minimally Invasive Techniques
- Cancer Survivorship and Palliative Care
- Oncology Nursing and Multidisciplinary Care
- AI, Big Data, and Digital Health in Oncology
- Global Oncology and Health Equity
- Clinical Trials and Regulatory Science
- Targeted therapy
- Radiation therapy
- Adjuvant therapy
- Relapse
- Chemotherapy
- Carcinoma
- Sarcoma
- Leukemia
- Lymphoma
- Breast Cancer
- Lung Cancer
- Colorectal Cancer
- Melanoma

Benefits of Joining Webinar

- E-Certificate for Presentation and Participation
- Get your abstract published with the DOI
- Reduced Costs and Affordability
- Knock Down Geographical Barriers
- Encouraged to publish full length articles in Supporting Journals
- Great Resource for Learning New Career Skills
- Global Exposure to Your Research
- Access to all Presentations

Registration Details

Speaker	\$199	Record Video Presentation	\$99
Delegate	\$99	Student Delegate	\$99
Student	\$99	Poster Presentation	\$99

How to Register

In order to register for **GSOc2025**, please complete the online form available on:

<https://oncology-cancer.hspioa.org/register>

Abstract Submission

You are kindly invited to submit your abstract for **GSOc2025**

Online Abstract Submission:

<https://oncology-cancer.hspioa.org/abstract>

Questions regarding Abstract Submission,

Contact us: oncology-cancer@hspcmail.us

ORGANIZER
